ABOUT ME

I am an enthusiastic Engineer with strong willing, big dreams, and a wide vision. I have a great passion for Computer and technology, I work hard to get more and more knowledge in
this field. Humanity and one world for all of us are what I believe in. I find it amazing to watch and study the digital revolution and see how it affects us and can unify us.
I'm a web developer with 4+ years of hands-on experience designing, developing, and implementing applications and solutions using a range of technologies and programming languages. Seeking to leverage broad development experience and hands-on technical expertise in a challenging role as a web developer.

WORK EXPERIENCE
